"Tradewinder '78"

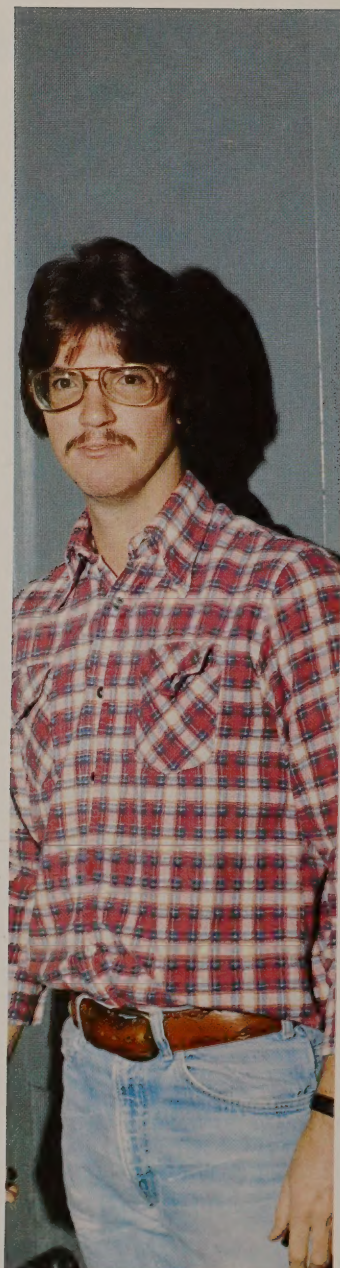

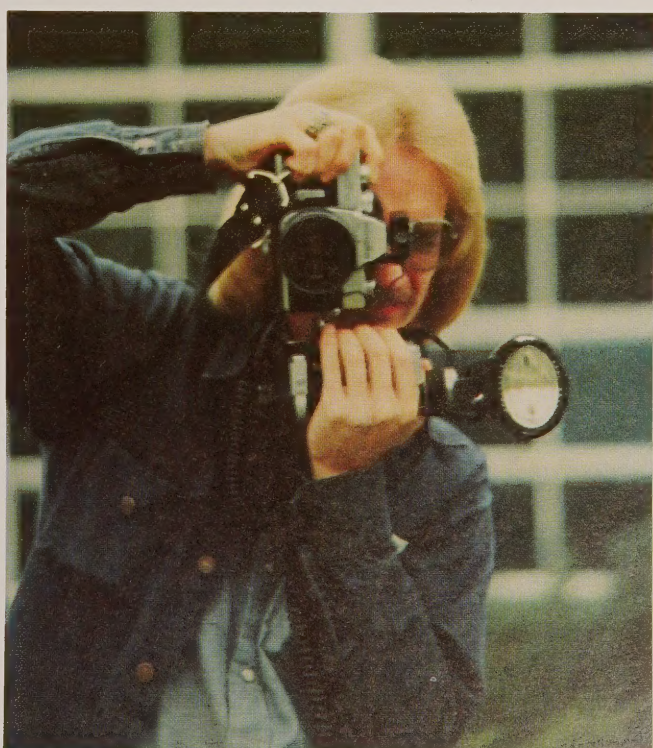

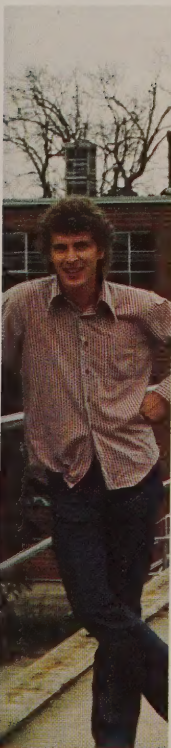

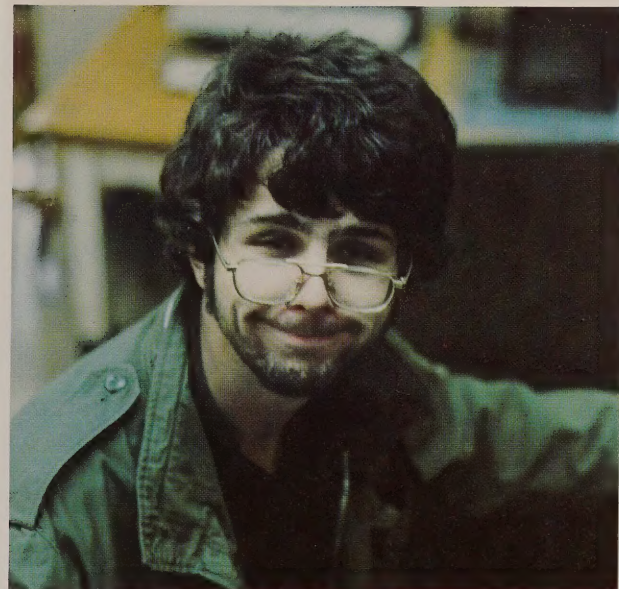

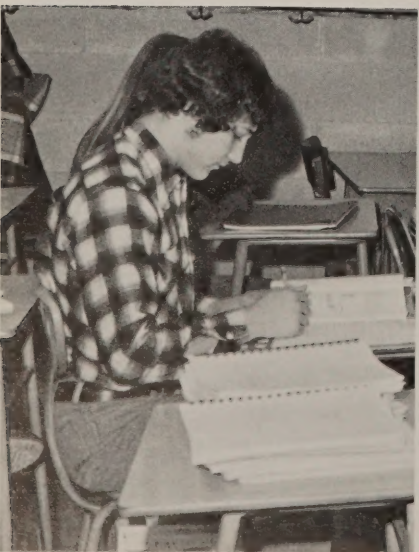

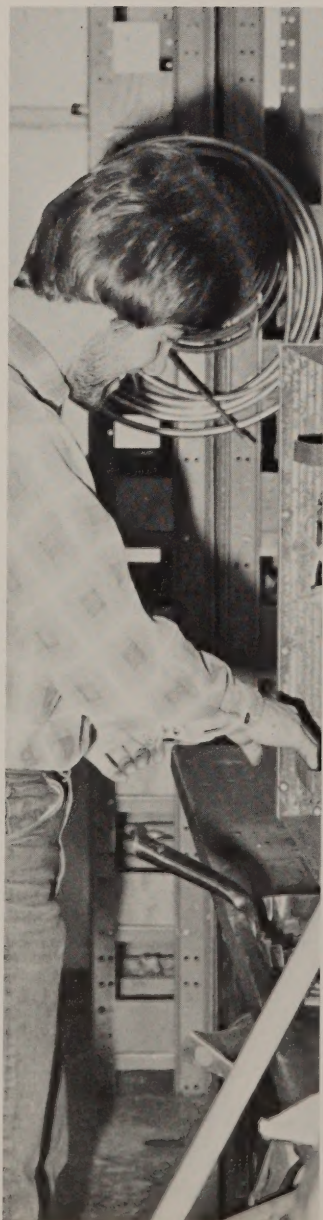

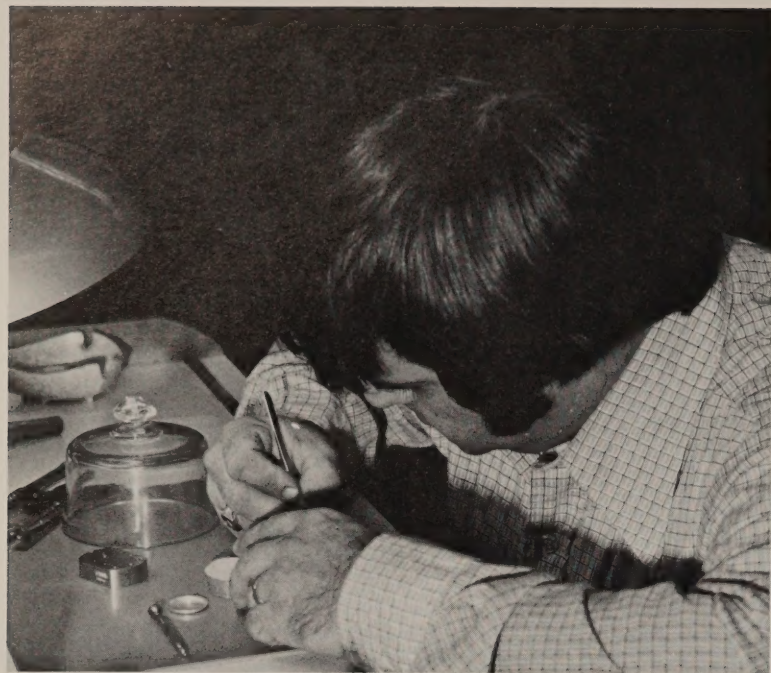

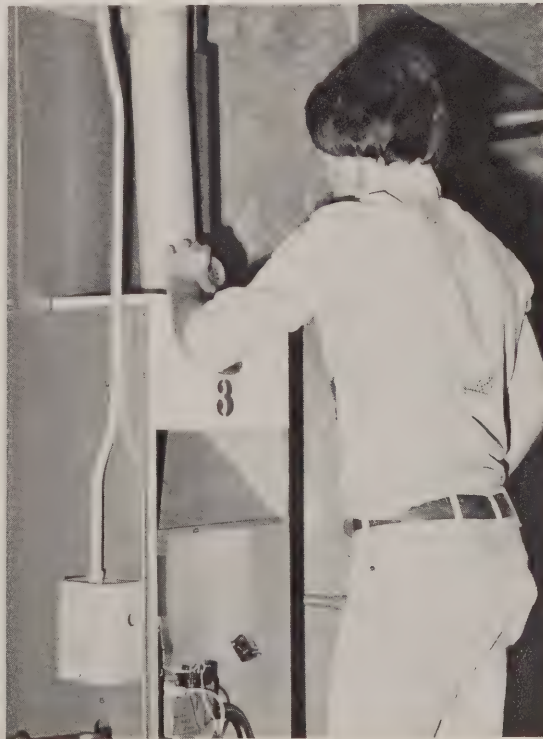

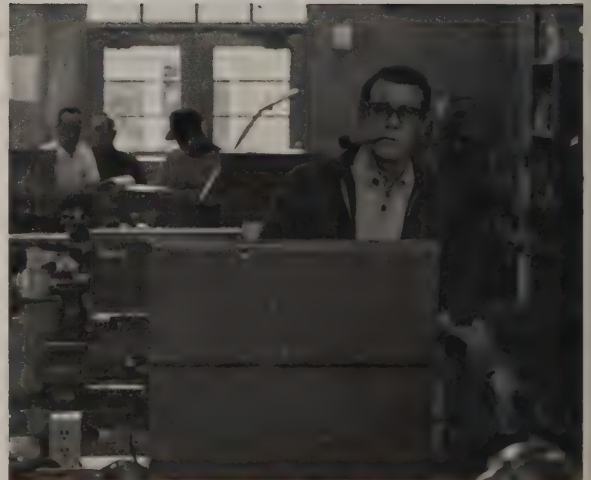

This is the beginning of a new day,

God has given me this day to do as I will,  
I can waste it, or use it for good  
but, what I do today is important  
for I am exchanging a day of my life for it,  
and when tomorrow comes this day  
will be gone forever, leaving in it's place  
something I have traded for it  
I want it to be good and not evil,  
gain and not loss, success and not  
failure, in order that I shall not regret  
the price that I have paid for it.

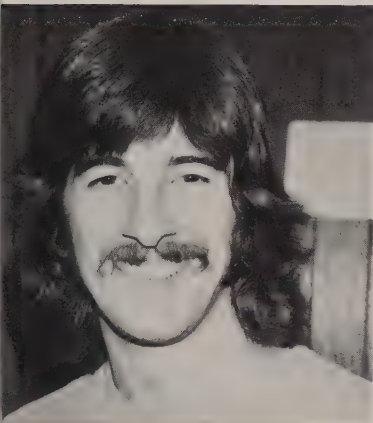

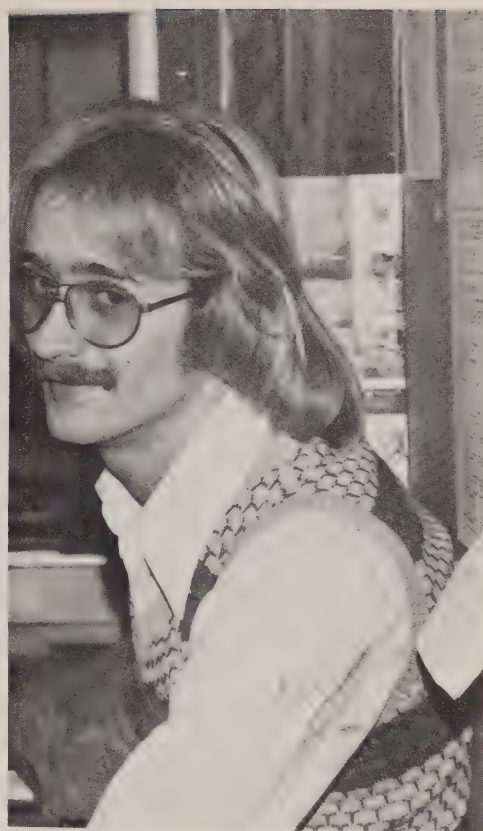

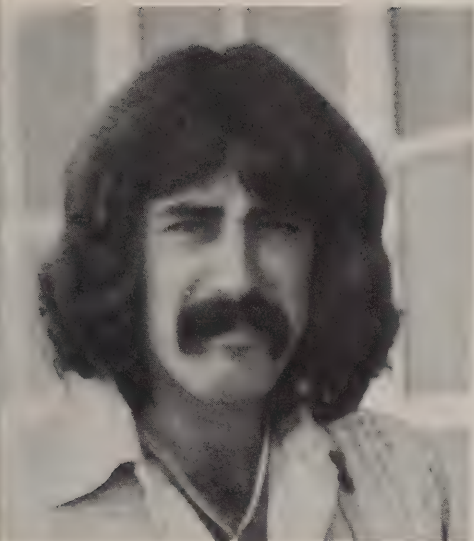

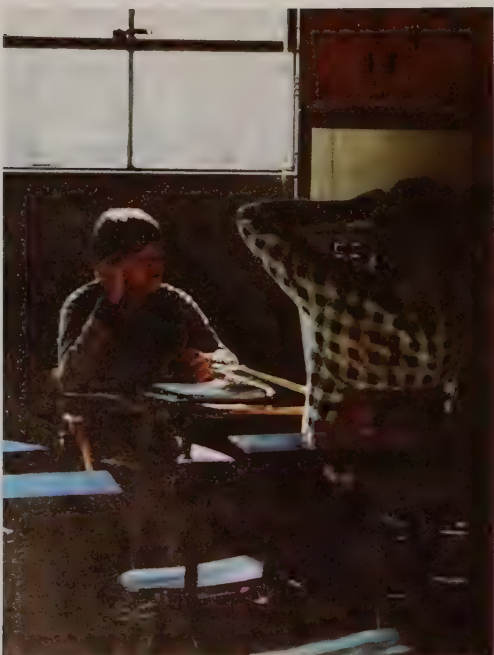

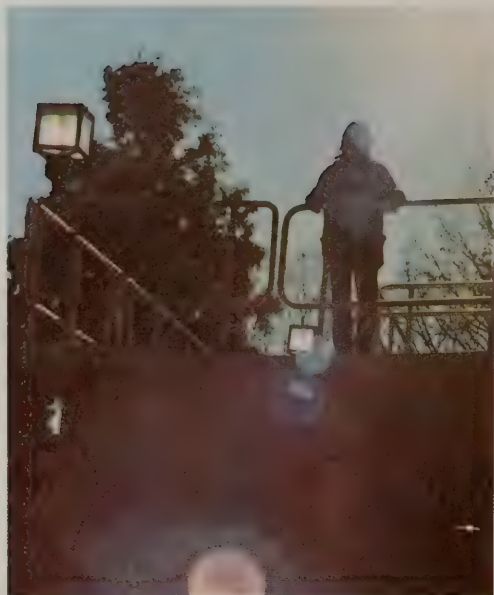

# ADMINISTRATION

# Director - James H Marlowe

The school year 1977-78 will mark a milestone in the lives of many of you who have reached the first step of your career goal. In this "Tradewinder," you will find many reminders of people and events that have contributed to your educational success. As you leave our institution to make your way into the business and industrial world, I hope the "North Georgia Tech family spirit" will continue to play an important part in your life. It is this spirit that paved the way for your coming this way. And that which you leave will provide the warm and rich spirit for those who come after you.

For those who have truly dedicated themselves to the "family spirit" of North Georgia Tech, it is a warm, sincere concern, one for another. It is an environment where the rich and poor, the weak and the strong, the experienced and the inexperienced, may find equal opportunity for attainment of personal goals and ambitions. These things, and many more, are the true spirit and character of all who become a part of the rich heritage that is ours. May the days you have spent with us insure for you a brighter vocational future, a true concern for others, and a way of life dedicated to usefulness and service.

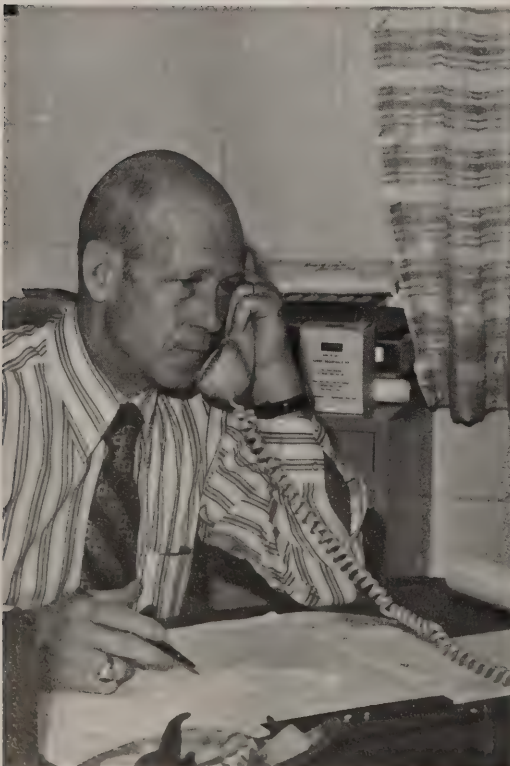

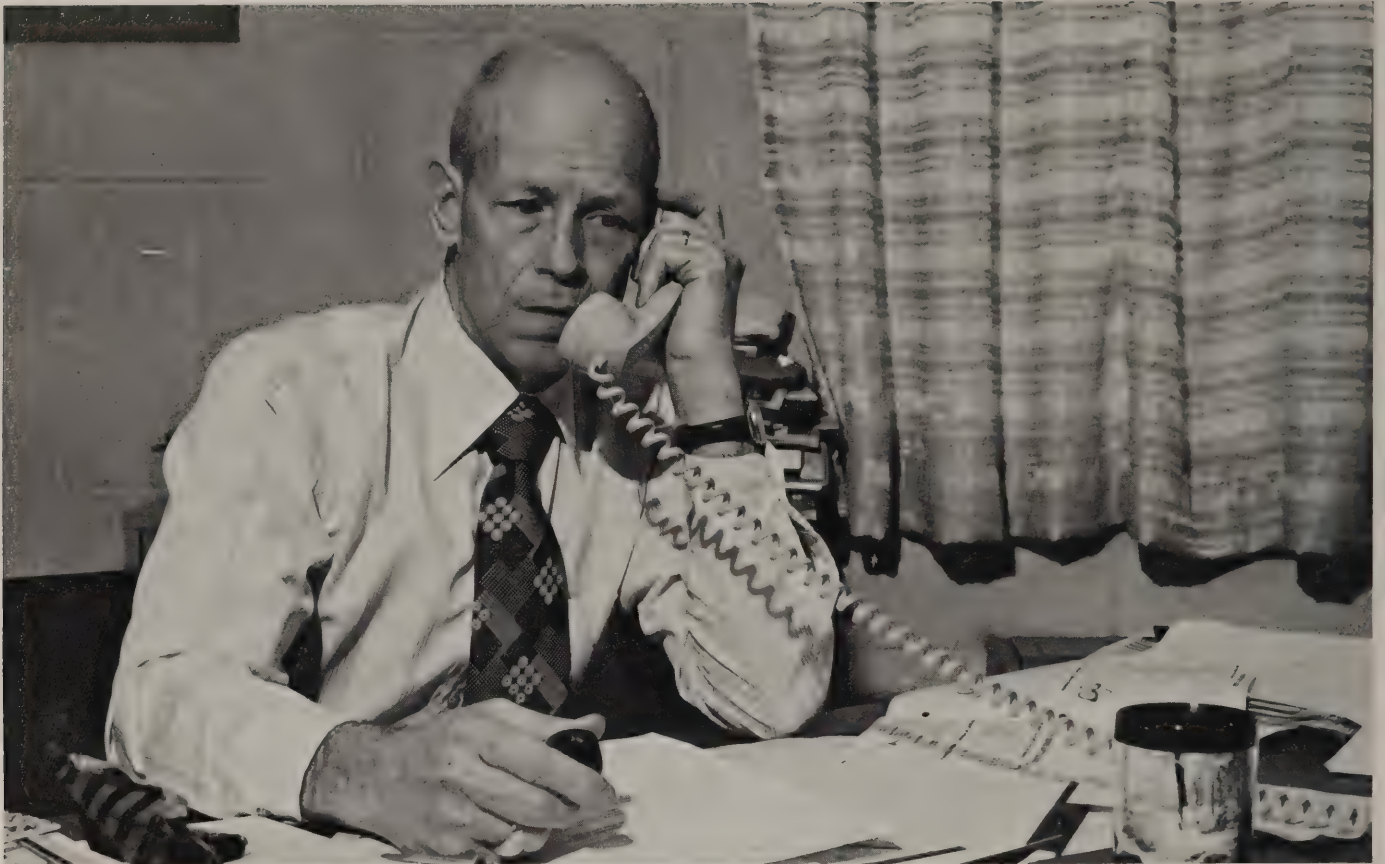

James H. Marlowe

# Asst. Director - James Higdon

Everyone enjoys being a winner! We sincerely hope that the skills and knowledge you have acquired at North Georgia Tech will help you become a winner in the game of life. In order to improve one's chances of remaining on the winning side, it is most important that we never be satisfied with present levels of knowledge or achievement. Keeping informed of changes in one's occupational area is a challenge and a responsibility if success is to be achieved. We hope you will accept this challenge and that many opportunities will allow you to prove that you are a winner.

James D. Higdon

# Dean of Students - Mr. C Shirley

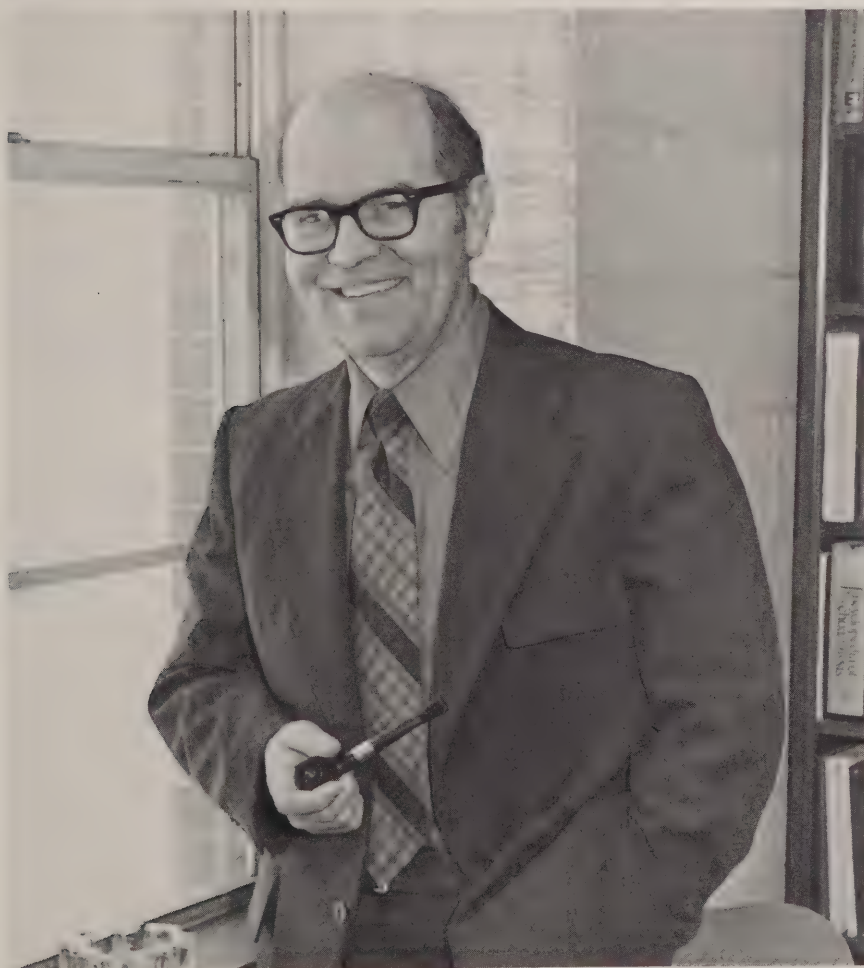

1978 — What a beautiful time to be living! And what an opportune hour to be training for a productive life's work. The once remote idea of a vast universe solidifying into one closely knit unit is no longer remote. Rather, it is reality. Through rapidly expanding technology, all mankind have become neighbors. Because of greater competition, more highly developed skill is imperative if one is to find a place of rewarding service. But more than technical skill is deemed necessary for successful living in this complex world which is our heritage.

You have chosen NGTVS as your place of training. Those of us in the administration sincerely trust this institution has not only provided you with superb training in your vocational field, but that it has helped you cultivate other phases of your own potential for powerful living in this highly competitive society. Dedication we believe to be equally important. The dedicated individual will find courage to keep going when all the forces of the universe seem to be against him. In short, we hope we have been able to assist you in carrying through Robert Browning's philosophy:

Ah! But a man's  
reach should exceed  
his grasp, else  
what's a heaven for?

As you — citizens of the universe — go forth from NGTVS to reach your own goal, our prayers go with you. Strive diligently to be YOUR BEST — then be content. For it is a superb time to be alive.

Conny H. Shirley

# Dedication

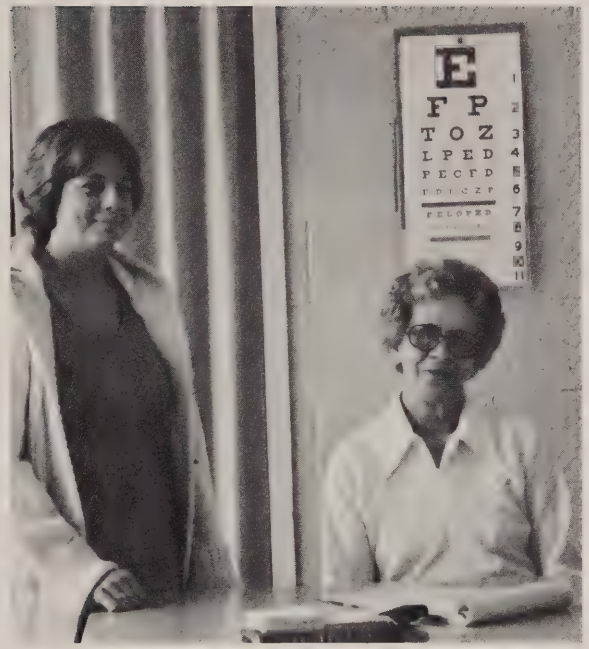

To you who have understood, assisted, and enriched our circle of growth and progress; to you who have sacrificed so generously to help prepare the way for us to take our place in the world; to you who have helped so many of us in your own quiet and gentle way . . .

We, the students, the administration, and The Tradewind Annual Staff, dedicate the 1978 Tradewinder to you —

MRS. RUBY BURRELL AND MRS. LUCILE HOLLEMAN

Mrs. Rubye Burrell came to North Georgia Tech in 1967, and has spent eleven dedicated years here; seven days of each and every week, serving the administration and the student body. We thank you, Mrs. Burrell, for those years; but more importantly, for those day-to-day experiences with you that have truly defined the word — dedication.

Mrs. Lucile Holleman has been the school dietitian here at North Georgia Tech since September, 1964, and has worked long and hard to insure that our daily meals meet the required standards of nutrition. We thank you, Mrs. Holleman, not only for your services these many years, but also for your warmth and friendship, and the smile you had for everyone, each and every day.

LUCILE S. HOLLEMAN — DIETITION II

### The State GOAL Winner

You beat out everyone at NGTVS  
 You beat out everyone in the state  
 And you have a new 1978 Pinto to show for it.  
 All our hats are off to you.  
 GOOD LUCK and kept up the good work!

# THANK YOU

I would like to thank all of you who work on the Annual Staff, without people like you we could not have a annual. Which is something we will always have and can go back to and remember the best times of our lifes. A special thank you to Michail Sales who has worked on the annual for two years. A special thank you is extended to Mrs. Debbie Alley for the many things she did to help my staff and myself. Thank you again.

### "LEGENDS"

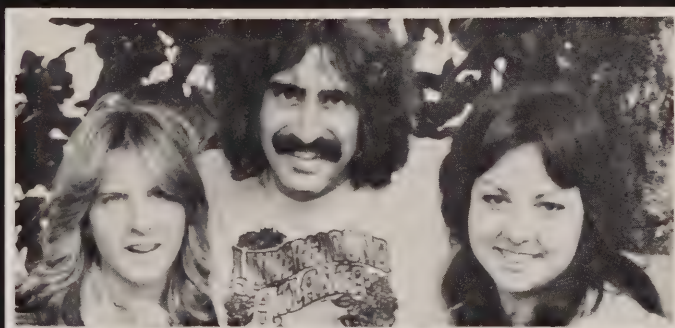

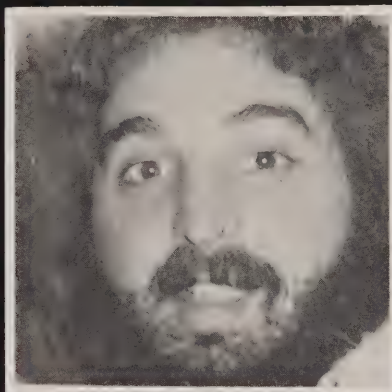

In this circle,  
We are time,  
We are space.  
We are change,  
The seasons,  
Just outside the perimeter  
of the gods.  
We are the universe.  
We are strong ...  
From this circle,  
We are the wind,  
Endlessly running,  
As gypsies; nomads of the stars.  
We are the sun,  
We are the sea,  
Both stable and restless,  
Silent, and crying ...  
We are ice.  
We are fire.  
We are infinity.  
We are young ...  
For this circle.  
We are music.  
We are light.  
We are darkness,  
We are diamonds,  
We are night.

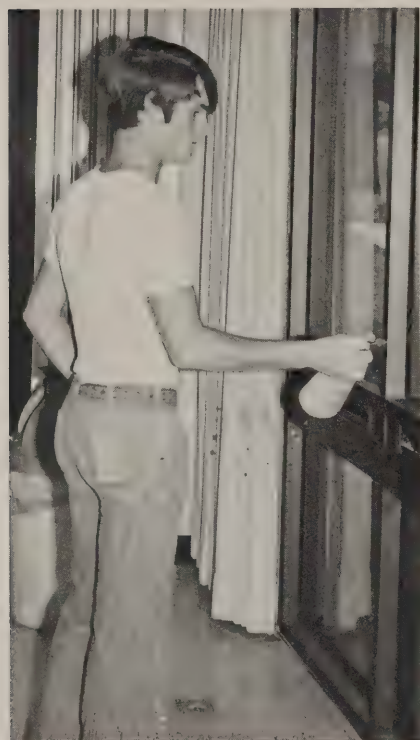

We are the spectrum,  
 And every color therein.  
 We are inner light without.  
 We are dreams within.  
 We are love.  
 We are magic.  
 We are laughter, we are  
 Sound, silence, sadness.  
 We are endless,  
 We are numbered,  
 We are few ...  
 And, given unto this circle, life,  
 We are a smile. We are a song.  
 We are a touch.  
 We are a mask.  
 We are a child.  
 We are comedy, and tragedy.  
 We are bitter  
 and sweet.  
 We are honey,  
 and wine.  
 We are legend.  
 We are lace.  
 We are time,  
 We are you ...

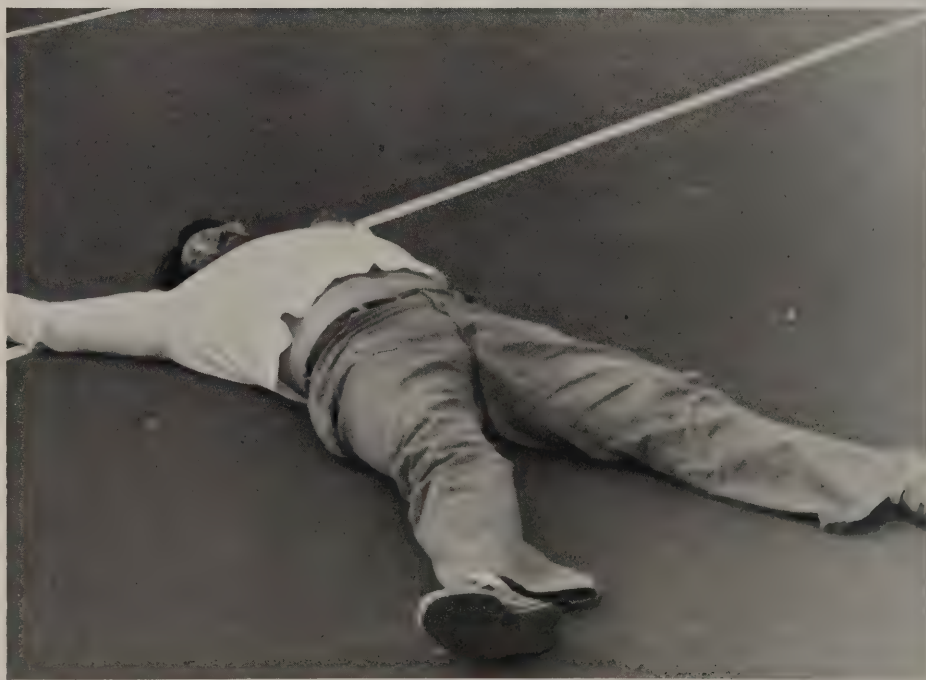

Debbie Williamson
